INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1938 edition of the Greensboro City Directory.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Greensboro is estimated at 76,277, based on the number of personal names in the Alphabetical section of the Directory, with due allowance for those under Directory age. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory, and, likewise, in the population estimate.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 447, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro, and the name, official personnel, nature and address of each firm and corporation in the city. A feature of this section is the designation of the number of minor children in each family.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 449 to 578. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

THE BUYERS' GUIDE, beginning opposite page 580 and separately paged from 1 to 48, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Greensboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Greensboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 629 to 676, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an im-

portant part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro.

The Greensboro Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Government

Assessed valuation of all property in Guilford County, \$171,316,593. Tax rate, \$.75 per \$100 (1937). Total population, 1930 Census, 133,000 (largest in state). Estimate for 1937, 175,000.

Guilford County is administered by a commission of five elected at large. It is generally regarded as one of the best-managed counties in the state, being frequently pointed to as a model by the North Carolina Institute of Government.

Greensboro, county seat, is administered by a non-partisan council of seven nominated by districts elected at large. The council employs a full-time experienced city manager. For many years the council has been composed of successful business and

GUILFORD COUNTY COURT HOUSE, GREENSBORO

professional men of demonstrated capacity in their private undertakings.

The council has directed municipal affairs upon well-established business principles uninfluenced by partisan political considerations. Good management is reflected in nationally-recognized superiority in public health administration; reduction of fire losses and low insurance rates; the salability of municipal bonds; low tax rate (according to National Municipal Review, Greensboro's tax rate was lowest in U. S. or Canada among cities of 50,000 to 100,000 population); efficient police protection; unusually good water supply; clean, well-paved streets; modern sewerage and sanitation facilities. These and other evidences of good government have given to the city an atmosphere of enterprise and well-being which causes it to be enthusiastically pointed out as "a good town." Assessed valuation of property in Greensboro, \$90,730,648.

Old city tax rate, \$1.32; new city tax rate, \$1.12.

Education

GUILFORD COUNTY has nine institutions of higher education, with between 3,500 and 4,000 students. Fifteen modern consolidated rural public high schools and 32 new urban public schools; total enrollment, 32,373.

GREENSBORO: The Woman's College, University of N. C., ranks high among liberal arts colleges in

America. Founded in 1891. Advanced schools of music, art, dramatics, home economics, physical education and secretarial science. Grants bachelor of arts and science degrees and offers graduate work. Dr. W. C. Jackson, dean.

GREENSBORO COLLEGE (Methodist): For 100 years has been highly regarded as a liberal arts school for young women. Music, dramatics, and cultural courses leading to bachelor degrees. Dr. Luther Gobbel, president.

GUILFORD COLLEGE (Quaker co-ed.): Established 1836—an accredited liberal arts college, conferring bachelor degrees. Dr. Clyde A. Milner, president.

HIGH POINT COLLEGE (M. P.): Founded 1924 at High Point. Liberal arts courses bachelor degrees. Dr. G. I. Humphries, president.

OAK RIDGE MILITARY INSTITUTE (R. O. T. C.): Founded at Oak Ridge, 1851. Boys' preparatory school with long record for highest rating by War Dept. Col. Earl Holt, commandant.

AGRICULTURAL AND TECHNICAL COLLEGE (N.): Founded by State in 1891 for advanced training. Bachelor degrees. Dr. F. D. Bluford, president.

BENNETT COLLEGE (N.): Founded 1873—liberal arts—bachelor degrees. Dr. David D. Jones, president.

Industry

117 manufacturing establishments.
12,500 workers (est.).
\$18,250,000 payroll (est.).
\$62,000,000 value of products
(est.).

Greensboro's industrial structure
is well diversified—there are cotton,
silk and synthetic textile mills; wo-

products plants; printers and book-
binders; and a variety of specialty
manufacturers.

The Cone Mills are the largest pro-
ducers of cotton denim in the world.
The Blue Bell Overall Co. is the larg-
est in America, and the Mock-Jud-
son-Voehringer Hosiery Mill and
Pomona Terra Cotta Co. are the
largest in the South. Vick's Vapo-
Rub is known around the world.

The principal industrial advant-
ages are climate, good living and
working conditions, availability of

transportation facilities, accessibil-
ity to raw materials and profitable
markets, low taxes and insurance,
and good government. Operating
under these conditions and certain
intangible factors, manufacturers
have demonstrated that goods can be
produced and sold at Greensboro for
a larger net profit than in compar-

able establishments elsewhere, giving local plants a decided competitive advantage.

Commerce and Trade

GREENSBORO is easily accessible to a 50-mile trade area having 908,000 consumers (1930 Census), 180,000 families (est.), \$70,000,000 industrial payroll (1930 Census), and \$699,719,000 of industrial production (1930 Census).

Greensboro is the principal market of the northern Piedmont. There are approximately 1,300 retail, service and professional outlets, handling goods, wares and merchandise lines available in metropolitan centers. Retail sales approximately \$30,000,000 annually.

Wholesale and agency establishments travel between 1,500 and 1,800 salesmen and agents and distribute a wide variety of merchandise over a much larger territory. The area served has greater purchasing power than comparable areas surrounding Richmond or Atlanta.

The home offices of several large insurance companies, together with the territorial and general agencies of numerous national firms, offering all forms of coverage, have created an "insurance fraternity" which

characterizes Greensboro as the "Hartford of the South."

Greensboro is one of the principal cities for Virginia and North and South Carolina conventions. Because Greensboro is the focal point of the most densely populated area in these three states, many organizations register larger attendance at Greensboro than elsewhere. Class "A" hotels offer every modern facility.

Greensboro is territorial headquarters for many nationally-known firms: Dodge Bros., Chrysler Corp., Western Auto Supply, Truscon Steel, etc.

Bank clearings—1937—\$224,957,000.

Postal receipts—1937—\$481,422.

Building permits—1937—\$2,121,214.

Transportation

REGULAR SCHEDULE, DAILY DEPARTURES: 40 passenger trains, 52 buses, 4 airships, 26 regular freight trains (average 16 extras daily), and 50 package cars.

Greensboro is the focal point of rail, highway, and air carriers of the northern Piedmont. Here the main north and south line of the Southern

Railway meets the east and west line of the North Carolina Railroad and the southeast to northwest line of the Atlantic & Yadkin—providing inter-related tariffs over the Seaboard Air Line, Atlantic Coast Line, Norfolk & Western and Southern systems. Modern union passenger, mail and express terminals.

A network of more than 1,000 miles of hard-surfaced highways within a radius of 50 miles provides a means of easy access to Greensboro for 154,343 automobile owners (1937) in the area.

Standard bus lines move in eight directions, connecting with all principal cities. Atlantic Greyhound, Carolina Coach, and the other car-

Religious and Social Features

The church as an institution has always been a powerful and constructive force in the life of every neighborhood in Guilford County. The Quaker Meeting House at New Garden (now Guilford College) was established in 1754. Old Buffalo Presbyterian Church was established in Greensboro in 1756.

Colonial churches at Alamance, Deep River, Friedens and elsewhere in this county have made important contributions to the development of fine character and strong citizenship.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome and inspiring places of worship.

ONE OF GREENSBORO'S THREE PUBLIC LIBRARIES

riers operate under State regulations, clearing through a union terminal.

Greensboro-High Point Airport—"Lindley Field" (a pioneer in the Southeast) — serves Greensboro, Winston - Salem and High Point. On Eastern Air Lines main line, New York to New Orleans and Houston — passengers, mail and express. The field has a first-order weather bureau, hangars, restaurant, up-to-date lighting, service equipment, radio beacon, radio, and Southern Bell telephone. Transportation facilities and density of population combine to make Greensboro more easily accessible to more people than any other city in the South Atlantic states.

There exists among all communes an extraordinary religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around and in their neighborhood churches. The urban churches also have highly-developed social programs.

Modern country clubs at High Point, Sedgefield, Starmount and Greensboro have handsome clubhouses, where friends gather for dancing, bridge, study, musical programs, fox-hunting, riding, tennis, skeet, hiking, swimming and many other forms of social intercourse.

Regular music and lecture courses bring outstanding attractions to the

city: Authors and artists, symphony music, occasional opera and metropolitan stage productions. Seven moving-picture theatres (two largest seating 2,600-1,800) offer current attractions. Two auditoriums seating 2,800 and 1,800.

The famous "Playliker" organization of Woman's College, University of N. C., and the dramatic units at Greensboro and Guilford colleges offer an outlet for amateur theatricals.

Recreation

Elevation, 843 feet above sea level.

Mean temperature, 59 degrees F. (forty-year average).

Days of clear sunshine, 136 annually (forty-year average).

Humidity, 53.185 (forty-year average).

Precipitation, 47.47 inches (forty-year average).

Park and playground area, 1,109 acres.

Few sections offer greater opportunity for year-'round living out-of-doors, or more varied recreational advantages. The extent to which people in all walks participate in outdoor pursuits is remarkable, and has a distinct influence on community health and well-being. Greensboro has repeatedly won national recognition in municipal health contests.

**THE O. HENRY HOTEL**

The World War Memorial Stadium provides an ideal setting for major football games, day and night baseball, interstate track meets, tennis tournaments, etc.

A city-country park provides three lakes for swimming, fishing and boating. A recreation center near Jamestown affords a modern swimming pool. Brandt Lake offers boating and fishing.

At Sedgefield there are horses and foxhounds. The countryside abounds in quail and other game. Several game preserves are maintained by sportsmen of national prominence.

There are 25 private clubs and camps nearby, containing a total of 2,273 acres of land and 175 acres of water area.

Championship 18-hole golf courses, private tennis courts and swimming pools are offered by country clubs at High Point, Starmount, Sedgefield and Greensboro. A total of 1,109 acres reserved for parks and playgrounds by the City of Greensboro, and a full-time recreational director is employed to promote a well-rounded program of neighborhood activity throughout the year.

Pinehurst and Roaring Gap resorts within two hours' drive.

HILL'S GREENSBORO

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1938

Copyright, 1938, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(c) denotes colored.

THE BUILDING OF THE PYRAMID

All of the toil and effort that went into the building of those mammoth Pyramids which have weathered the storms of centuries and the hot Egyptian sun—all of this would not compare with the toil and effort used to build this pyramid of assets.

But there is a difference. The Egyptian Pyramids were builded by slaves as monuments to kings, builded by the driving toil of unwilling hands. The National Pyramid is builded by free men in the pursuit of health and happiness for their loved ones, builded by willing hands and unselfish hearts.
